Today, effectively managing and employing data is both an opportunity and a challenge for marketers and advertisers. The IAB Data Center of Excellence is an independently funded and staffed unit within IAB, founded to enhance existing IAB resources and to drive the “data agenda” for the digital media, marketing, and advertising industry. IAB Data’s mission is to define boundaries, reduce friction, and increase value along the data chain, for consumers, marketers, and the ecosystem that supports them.

IAB Data is focused on:

- Gathering industry thought leaders to set the **data agenda**
- Funding industry **research** to provide benchmarks and actionable insights on data management across platforms
- Developing relevant **standards, services, and best practices**
- Creating **educational** materials including certification, videos, and webinars
- Hosting data focused **events** that feature industry luminaries

Join the Data Council:

The Data Council is dedicated to demystifying data usage and control and to enable revenue growth through quality, transparency, accountability, and consumer protection in data usage.

✓ Sponsor a Key Initiative for:

- Branding on digital/print materials
- Mention as a sponsor during every presentation of whitepaper/survey results
- Prominent branding as host of a “road show” presentation
- Participation as thought leader in one or more panels during road shows
